

High Performance Sprayer 6 Bar 10 Litre

Product Images

Product Code: S00-2740

Short Description

With its capacity of 10 litres and a wide range of features, the GLORIA 410 T Profiline is used on construction sites as well as for cleaning and disinfection applications. The integrated FKM seals have got a high thermal and chemical stability. So, the high-performance sprayer can withstand oil-bearing and aggressive spray media and extreme temperatures.

The 410 T Profiline high-performance sprayer consists of a steel pressure tank with a high-quality internal plastic coating protecting against corrosion and dirt. The operating pressure of max. 6 bar guarantees a comfortable and powerful operation. TÜV and GS marks prove safe operation and durable usability.

Features

- Filling capacity 10,00 L
- Max. operating pressure 6.0 bar
- FKM Seals
- Brass spray lance
- Brass high performance pump
- Bottom ring
- Safety relief valve
- TÜV and GS tested
- Total capacity 13,70 L
- Sheet steel containers with internal coating
- Oil-proof version
- Brass flat jet nozzle
- Quick-acting valve
- Residual drainage

- Indicating pressure gauge
