
Mills Fibre Optic Cassette Connector Cleaner

Product Images

Product Code: C05-3357

Short Description

A cost effective self-contained fibre connector cleaner designed to remove fine particles from the optical

faces of fibre connectors. The fibre cassette cleaner has a lint free anti-static microfibre fabric cleaning tape, consistently achieving high quality cleaning without alcohol or other solvents and is effective for over 500 wipes

Cleans a wide variety of UPC and APC connectors such as SC, FC, ST, LC, MU, E2000.
