

Mills Dispenser Dropwire 2C

Product Images

Product Code: S00-8432

Short Description

A specialist cable stand and dispenser, manufactured from tubular steel construction, this dropwire dispenser has an adjustable tensioning device to prevent overrun of the drum. The drum is held by means of a spring loaded spindle.

The unit further benefits from a telescopic handle giving a collapsed height of 600mm.

The 2B has now evolved to a 2C with the modification of a the spindle which is now less than 100mm in length and replaces the legacy mechanism allowing for much easier loading procedure.

Formerly S00-8426

Ref: 127548 / 126468
