

# Mills MasterClass Stripmate ULW Drop Fibre Cable Stripper

Product Images

Product Code: E00-3819

## Short Description

---

The Mills Stripmate is a PATENTED stripping tool designed for longitudinal stripping of 24F, 36F and 48F ultra-lightweight (ULW) 7mm fibre cable.

The Stripmate is a compact clasp style stripper which clamps and securely locks around the cable. The stripper benefits from a yellow/black guideline, which when lined up with the yellow line on the ULW cable ensures the stripping blades do not touch the integral metal strength members.

The Stripmate utilises specialist semi circular profiled blades in quickly replaceable cartridges. One set of blades can typically strip over >700m of cable.

A replacement blade cartridge E00-3834 can be quickly and easily installed

Product dimensions: 64.3 x 45.2 x 40.9 mm (2.53" x 1.78" x 1.61")

Product weight: 72.6 g (0.16 lb)

### Mills MasterClass

**This is a Mills MasterClass product and therefore benefits from the Mills MasterClass Lifetime Guarantee.**

MasterClass comprises a complete range of high quality tooling which has been developed to meet the needs of the more discerning telecoms, datacomms, installation and maintenance engineer.

Every item in the MasterClass range has been carefully considered for its purpose, ease of use, grip and appearance to provide tooling and equipment of the very highest calibre.

In fact, the products are manufactured and designed to such a high standard that Mills supply a Lifetime Guarantee with each product, whereby should the product break under normal use it will be immediately replaced. For full details on the MasterClass Lifetime Guarantee, click [here](#)
