Mills Pre-Saturated IPA Clean Wipes Pk 50

Product Images

Product Code: C00-4313

Short Description

Mills pre-saturated IPA wipes are convenient and effective for fibre cleaning applications - each wipe

contains an optimal amount of solvent for the cleaning task. Pre-saturated wipes replace dispensing bottles and glass containers, and minimise user exposure, improving health & safety.

The wipes are 68gm² hydroentangled cellulose/polyester with low particulate generation and extra absorbency. They resist tears, hold their strength even when wet, and are non-abrasive.

IPA wipes are used for because of their enhanced ability to clean a wide range of contamination from critical surfaces, and the isopropyl alcohol evaporates quickly.

Because they are safe on most plastics, our pre-saturated IPA wipes have found a huge variety of uses in general cleaning and degreasing.

Features and Benefits

- Rapid evaporation
- Non-abrasive
- 50 sachets per box
- Safe on plastics
- All purpose cleaner – many applications
