

Dymo Rhino Yellow Heat Shrink Tubing 6mm - Black Text S0718270 (18052)

Product Images

Product Code: C28-8074

Short Description

A non-adhesive yet permanent polyolefin heat shrink tube to identify and protect wires and cables. the tubing meets miL-DtL-23053/5 classes 1 & 3. The flame retardant tubes have a shrink ratio of 3:1

Once the tubing is printed simply slip it over the end of the (unterminated) cable and use a heat gun to shrink the tubing over the cable.

For use in RhinoPRO 3000, 4200, 5000, 5200, 6000 and ILP-219 labellers. Also suitable for use in 3M PL200, PL300 and Tyco T107M machines.

Brand: Dymo Rhino

Material: Heat Shrink

Part No: 18052 (S0718270)

Label Width: 6mm

Colour: Yellow

Recommended Cable Diameter: 1.18 - 2.33mm
