

144F Mini Cable G657A1 Black (8.5mm) 2000m

Product Images

Product Code: 91143/2KM

144f

Short Description

Optical mini cable for installation into microducts by blowing using air pressures up to 15 bar using industry standard equipment.

Recommended minimum microduct bore 10mm

Sheath: Low friction for improved installation performance

Stripping: Ripcord provided for quick and easy sheath removal

Colour coding: Individually colour coded loose tubes for easy identification

Water Blocking: Dry core with water swellable elements. Gel-filled loose tube

Length 2000 metres (2 Kilometres)

For full technical details, please see product datasheet.
