

Galaxy-Pro-6K 6000 Lumen Rechargeable Floodlight

Product Images

Product Code: M99-5078

Short Description

The Galaxy Pro 6K from NightSearcher is a powerful light that can kick out up to 6000 lumens of light with a whopping 60m beam distance. The professional grade lighting has a highly compact and portable body weighing 1.52kg and measuring at 310 x 350 x 285mm.

It comes with an AC Mains Charger and the light can be used when plugged in but only on the low light level 1500 lumens (indoor use only) whilst the internal rechargeable battery will deliver up to 60 hours wireless lighting depending on the brightness setting.

The mains charger can be stored inside a small compartment at the back of the light ensuring it's always close to hand when needed. There are four light levels to choose from High, Medium, Low and Dimmable, the High setting produces 6000 lumens and will last for 2.25hrs, the Medium works at 3000 lumens for 4 hours, the low at 1500 lumens for 8 hours whilst the dimmable setting slowly dims the light until you reach the right level, dropping all the way down to just 250 lumens for a max of 60 hours.

- 6000 Lumens light output
- 60m beam
- 4 light levels
- 2.5-60 hrs runtime
- Hybrid design – powered by internal battery or AC charger
- Robust housing made from the toughest composite materials
- Drop tested from 2.5m
- Lightweight only 1.5kg

- IP54 Waterproof
- Li-ion battery (97.68Wh)
- Battery status indication
- Supplied with AC Mains Charger
