

Prysmian LDWB Large Distribution Wall Box 320 x 410 x 115mm

Product Images

Product Code: XCPSC01917

Short Description

The Large Distribution Wall Box is a wall mounted splice box used for the distribution of fibres to customer drop cables.

The unit has a capacity of up to 240 fibre splices and can accommodate input cables of butt, loop and in line types.

Up to 48 customer drop cables of 3-6mm in diameter, and 8 customer drop cables of 6-12mm indiameter, can be distributed from the box.

Drop cable ports are provided on both top and bottom faces of the boxand top and bottom manifolds provide easy routing of fibres within the unit.

Please see datasheet for further information.
