Mills Intrinsically Safe Right Angle ATEX Torch

Product Images

Product Code: M14-0652

Short Description

Mills intrinsically safe ATEX right angle hand torch has a rugged design which ensures that it's ready for

almost any challenge. Featuring a stainless steel clip on the rear for easy attachment to a pocket loop on overalls, or to a tool belt.

Emitting up to 325 Lumens, producing a maximum beam of 290 metres, the torch has a maximum operating time of 13 hours with two light modes available.

Requiring four AA batteries (not included), the angled flashlight has a gas pressure release valve ensuring it's safe for gas zones 0, 1 and 2, as well as being mining approved.

With an easy-to-use, maintenance-free design, the torch has a robust polycarbonate housing and rubber grip around the handle and head for durability. It's even impact resistant and can withstand a drop of 1 metre.

Specification

Up to 325 Lumens 290 metre beam Runs for up to 13 hours Requires 4 x AA batteries (not included) Stainless steel pocket/belt clip Lockable battery compartment Supplied with wrist strap Gas pressure release valve Robust polycarbonate housing Certifications and standards include ATEX and IECEx for gas and mining environments CE Marked IP54 Rated Dimensions: 183 x 69 x 63mm
