

Rectangular Magnetic Parts Tray

Product Images

Product Code: S83-5021

Short Description

The Bahco BMR240 Magnetic Tray is a rectangular magnetic parts tray with rubber coated magnets for surface protection, and is made from mirror finished stainless steel.

It has a protruding plastic lip which means no flat spot is required, and therefore can also store non-magnetic items securely. It can be used as a hanger to easily transport bits from one place to another.

Size: 240 x 140mm
