
HellermannTyton Thermal Transfer Printer Ribbon for TT431 Printer

Product Images

Product Code: C71-0422

Short Description

The HellermannTyton TTDTHOUT ribbon consists of a special resin composition. In combination with our identification materials the printing is high resistant against high temperatures, scratches and chemicals. The thermal transfer print technology is based on heating up certain dots in the print head. This transfers the ink very precisely from the ribbon onto the surface of the printed material.

Features

- Thermal transfer ribbon for high quality print results on heat shrink tubing and Tiptag identification tags
- Ribbons are specifically designed to maximize print performance for the recommended material

Width: 40mm

Length: 300m
