

# Jonard CP-475 Cable Pulley - Set of 2

Product Images

Product Code: C00-0140

## Short Description

The CP-475 is a set of two cable pulleys designed to help install electrical, COAX, network, and other various low voltage cables. With their swivel snap hooks, deep grooves, and anti-friction bearings, these pulleys keep cables aligned with the direction of the pull, preventing snags and kinks.

- Holds up to 20 CAT5/6 network cables
- Swivel snap hook installs easily and keeps pulley aligned with direction of pull to prevent kinks
- Anti-friction roller bearings and deep grooves allow cable to be pulled smoothly and easily
- Made from a high strength ABS plastic and zinc coated steel to provide enhanced durability and longer life
- Easy to remove the pulley after cable is installed
- Supplied as a set of 2

Number of Cables: Up to 20

Maximum Weight Capacity: 120 lb (54.43 kg)

Channel Width: 1.43" (36.41 mm)

Diameter: 4.75" (12.07 cm)

Pulley Weight: 0.63 lb each (287.58 g)
