

Plastic Pipe Cutter 3-28mm Capacity

Product Images

Product Code: R99-7239

Short Description

A handy non-ratcheting plastic pipe cutter, designed for quick and repetitive cutting when installing flexible plastic water pipe up to 28mm.

The body of the cutter is manufactured from a hard-wearing Nylon and fitted with a high-performance 53HRC steel blade, to provide an easy clean cut each time. This lightweight tool is ideal for carrying around all day and features a safety lock when stored on a tool belt or work trousers.

Capacity: 3-28mm
