crimper is the perfect tool for installing and maintaining solar panel connectors. This crimper features the following:

- Parallel jaws with adjustable pressure-regulating gear and self-locking design crimp solar panel connectors perfectly every time
- Built-in ratchet makes crimping quick and easy
- Made of hardened carbon steel with a black oxide finish for strength and durability
- Dual component grip provides greater comfort and ergonomics
- Able to crimp MC3 connectors using an MC3 die (SPD-MC3), sold separately

Length 220mm

Weight 600g
