

Kewtech 2003A Clamp Meter

Product Images

Product Code: C70-2040

Short Description

The Kewtech 2003A Clamp Meter is a high current AC/DC clamp, ideal for larger solar installations.

Features

- Measures current up to 2000A AC/DC
- Measures voltage up to 750V AC & 1000V DC
- Output for continuous recording
- Max hold memory function
- Resistance
- Continuity buzzer
- Large 55mm tear drop jaw
- Wide frequency response

- Complies to IEC61010-1 CAT. III 600V, CAT. II 1000V and CAT. IV 600V

Contents

- Test leads
- Output plug
- Batteries
- Carry case
- Instruction manual
- Certificate of conformity

Please see datasheet for full specification

Description

The Kewtech 2003A Clamp Meter is a high current AC/DC clamp, ideal for larger solar installations.

Features

Measures current up to 2000A AC/DC

Measures voltage up to 750V AC & 1000V DC

Output for continuous recording

Max hold memory function

Resistance

Continuity buzzer

Large 55mm tear drop jaw

Wide frequency response

Complies to IEC61010-1 CAT. III 600V, CAT. II 1000V and CAT. IV 600V

Contents

Test leads

Output plug

Batteries

Carry case

Instruction manual

Certificate of conformity

Please see datasheet for full specifications
