

Kewtech KT300 Digital Insulation / Continuity Tester

Product Images

Product Code: C70-2042

Short Description

Kewtech KT300 Digital Insulation / Continuity Tester, using the latest in technology, providing slick 18th edition testing. Compact, accurate, easy to use with a 'hands free' facility.

Features

- Insulation test at 50 V, 100 V 250 V, 500 V & 1000 V
- Continuity test with audible tone
- Test lead null facility
- Buzzer mode
- Hands free function
- Breakdown voltage - Checks SPDs
- Voltage present LED
- Magnetic hanger for clipping on to metal distribution boards
- Auto power off

Contents

- ACC020 two wire test lead set
- Carry Case
- Manual
- Batteries
- Calibration certificate
- Magnetic hanger

Dimensions: 180 mm x 85 mm x 50 mm

Weight: Approx. 450 g

Please see datasheet for full specification

Description
