

Easi-Dec Solar Bridging Ladder 5m

Product Images

Product Code: S00-8120

Short Description

The Easi-Dec Solar Bridging Ladder offers a safe, practical way of working when installing or maintaining rooftop solar panels.

The bridging ladder provides 23cm of clearance from the roof to the underside of the stile, and up to 4.6m free span over the roof.

The ladder is simply rolled up the roof on its soft rubber wheels and then turned 90 degrees into position on the roof.

The ladder can also be easily traversed along the ridge using the special wheels fitted to the roof hooks.

Length: 5 metres

Width: 320mm

Weight: 29kg

Easi-Dec ref ED030017A

Carriage charges may apply dependent on region for delivery.

Our Sales department will advise before processing your order.
