# Ladder Guard

## Product Images

**Product Code: S83-1483**

## Short Description

The Ladder Guard restricts unauthorised ladder access on site and is an important safety measure. The Ladder Guard provides a quick and easy solution, hooking over the rung and locks at the rear via a solid brass long shackle padlock (included). Suits ladders with internal rung widths 250mm – 375mm.

### Product Features

- Padlock included
- Restricts unauthorised access to your ladder
- Quick and easy to use

Length: 1325mm

Width: 385mm

Depth: 85mm

Wright: 8kg
