

# Drum-Mate Junior

## Product Images

**Product Code: S00-9772**

## Short Description

A compact, horizontal, stable and lightweight cable dispenser with patented braking system to allow controlled unreeling and reeling of most cable reels, typically up to 600mm ( 24" ) with a weight up to 190kg.

The Drum Mate Junior is supplied with both a 30mm and 50mm mandrel to suit most popular drum spindle bores

The Drum Mate Junior is ideal for dispensing fibre, telco, satellite and CCTV cable and has a base dimension of 250mm ( 10" ) and weighs just 1.1kg, making it easy to store in smaller

size vans.

The dispenser has 5 rubber feet for stability and prevention of damage to floor surfaces.

### Features

Patented Braking System for controlled dispensing of cable reels

Suitable for damaged cable drums

Supplied with both a 30mm and 50mm mandrel to suit most popular drum spindle bores

Rubber feet for stability and prevention of damage to floor covering

Maximum load up to 190 kg

Diameter: 250 mm

Weight: 1.1 kg

Made in Germany
