
Sievert PRM253501 Powerjet Blowtorch Only

Product Images

Product Code: S99-1985

Short Description

The Sievert Powerjet is a powerful and efficient torch system with an ergonomic handle. It is both long-lasting and reliable, as well as comfortable to grip. The automatic piezo ignition along with trigger on/off function helps to prevent LPG wastage. The anti-flare feature enables the torch to operate in all positions. The torch has a full range of interchangeable nozzles for added versatility.

Applications include soldering/brazing, heating, precision work, shrinking and paint stripping, among many others.

Burner Diameter: 14mm.

Gas Consumption: 170g/h at 2 bar.

Effect: 2.2kW.

Connection: M14 x 1.5.

Suits S99-2342 Ultragas Cartridge 220583
