
RidgeGear RGA1 Inertia Reel Fall Arrest Block 2.5m

Product Images

Product Code: S83-1010

Short Description

The RGA1 is a retractable mini web block ideal for personal issue to operatives working at height.

The unit is designed to be connected to a suitable anchor point and the swivel end to the harness.

The RGA1 has an almost instant lock off in the event of a fall, and recoils into the drum when slack is introduced into the lanyard.

The reduced trip hazard and compact design make this unit ideal for tight work and tasks where a shorter arc of mobility is required.

The addition of a swivel hook avoids twists to the webbing.

Specifications

Accredited to: EN 360:2002

Line material: 47mm polyester

Case material: Steel with rubber protective cover

Connector: Steel screwgate karabiner

Swivel aluminium triple action karabiner

Max. user weight: 140kg

Max. force: <6kN

Weight: 1.4kg
