

Mills Axle Spindle Set for Dispenser Dropwire 2C

Product Images

Product Code: S83-9210

Short Description

A specialist axle kit supplied with flange and adjustment pin designed to allow fibre drop cable to be

dispensed from the Mills 2C Dropwire Dispenser or legacy 2B Drop Dispenser, with the replacement of the spindle and locking nut to the Mills new spindle and locking nut S00-8432.

By the use of the spindle the Dropwire Dispenser is able to dispense 380mm diameter fibre drop reels with 34mm bores and widths between to 0- 130mm.
