

Hyundai 1600W Electric Paddle Mixer 230v/240v

Product Images

Product Code: P57-5054

2-stage safety switch.
To prevent accidental starting

Pressure sensitive trigger.
The further it is pressed,
the faster the motor
will spin.

Short Description

The HYPM1600E is a powerful, high-torque 1600W corded electric paddle mixer from Hyundai is ideal for quick, effortless and convenient mixing of paint, plaster, gypsum, adhesive, mortar, small buckets of cement, and other mid-viscosity liquids.

Powerful 1600w Motor

The HYPM1600E's tough and durable 1600w motor can tackle a range of materials and is able to produce an impressive and time-saving variable mixing speed of up to 990rpm! It features a pressure-sensitive trigger so you have total fingertip control over the mixing speed.

Key Features

Powerful 1.6kW corded electric paddle mixer: Ideal for mixing paint, plaster, cement, etc

Produces mixing speed of up to 990rpm: Controlled by pressure-sensitive trigger

Lightweight at just 5.4kg: Comfortable to use without straining your arms or shoulders

Generous 4m power cable: Saves you having to reach for an extension cable

Easy and safe to use: Two-stage safety switch prevents accidental starting

Quality Yet Lightweight

Despite its body being built from sturdy composite plastic, this budget-friendly corded paddle mixer weighs just 5.4kg, making it easy to use for extended periods without straining your arms, your shoulders, or your back.

4m Power Cable

3

The HYPM1600E paint and mortar mixer's generous power cable is 4m long, providing ample room for you to get the job done without having to reach for extension cables.

Multi-Purpose

This electric paddle mixer is ideal for both novice and experienced DIY-ers alike, offering a durable and time-saving solution to mix materials together to ensure they are smooth and lump-free, ready for application.

Easy And Safe To Use

The HYPM1600E handheld paddle mixer is fitted with a two-stage safety switch to increase your safety by preventing accidental starting. Also, swapping between tools couldn't be easier thanks to the standard M14 fit. This also means that spare paddles, or paddles of different shapes, using this M14 fit can also be used with this paddle mixer.

5-Piece Trowel Kit

The HYPM1600E comes with an included 5-piece trowel kit with comfort-grip rubber handles, allowing you finish any jobs without having to purchase any additional tools - perfect for applying plaster, gypsum, or mortar.

Note that trowels should always be cleaned and oiled after each use to avoid rust and prolong longevity.

Specifications

Start Method Electric

Tool Connections M14 Insert Screw Coupling, Extra Carbon Brush, 2 x Flange Spanner

Handle Type Rubber

Body Material Metal and Composite Plastic

Cable Length (m) 4

Voltage (v) 230

Rated Power (w) 1600

Frequency (Hz) -

Rated Speed (RPM) I: 0-600rpm/min II:0-990rpm/min

Gross Weight (kg) 8.24

Net Weight (kg) 5.4

Fully Assembled Dimensions (H x W x L) (mm) 195 x 325 x 880
