Product Images

Product Code: P09-5020

Short Description

The GSB 162-2 RE Professional is a high-powered 2-gear corded impact drill designed for the toughest

applications including diamond dry-drilling.

Its extremely strong 1,500 W motor with a high overload capacity and high torque is ideal for intense and heavy-duty applications. Its speed is specifically optimised to enable a fast drilling progress up to 162 mm in diameter even when using diamond core cutters in the non-impact function.

The impact drill's rotation control clutch ensures an increased level of user protection even when working in the toughest materials.
