

Stanley Fibreglass Claw Hammer 560G 20OZ

Product Images

Product Code: J75-1022

Short Description

This STANLEY® Curved Claw Hammer has a lightweight design with a long handle for improved

performance and less user fatigue. The handle has a fibreglass core that adds strength and helps to reduce vibrations. The polished smooth face has a tempered rim to reduce incidences of chipping.

Additional Features

- Optimal balancing for improved momentum and fatigue prevention
- Bi-Material Ergonomic grip features a ribbed surface and flared end to provide comfort, a firm grip and reduced slippage
- Smooth Face
- Available 16oz & 20oz
