

Stanley Backpack 35CM 14IN

Product Images

Product Code: B72-0660

Short Description

The STANLEY® Backpack features a wide opening zip design for quick and convenient access to tools, along with a removable tool organiser with a carry handle, for organisation of small tools. The backpack has two padded shoulder straps which provide comfort whilst carrying heavy loads, as well as multiple pockets including a padded compartment for a laptop or tablet and a front zip compartment to keep personal items secure. Long tools such as spirit levels can be carried in the helpful tool loop. Made from heavy duty 600 denier fabric for long lasting durability.

Description

The STANLEY® Backpack features a wide opening zip design for quick and convenient access to tools, along with a removable tool organiser with a carry handle, for organisation

of small tools. The backpack has two padded shoulder straps which provide comfort whilst carrying heavy loads, as well as multiple pockets including a padded compartment for a laptop or tablet and a front zip compartment to keep personal items secure.
