

Hyundai HYMT5200X 52cc Petrol Multi Tool

Product Images

Product Code: P57-2918

Short Description

Combining a hedge trimmer, pole chainsaw, brush cutter, grass trimmer and 800mm extension shaft, this five-in-one multi-tool has everything needed to make short work of even the toughest tasks.

With multiple garden essentials all in one machine, you can save both on money and on storage space compared to buying individual machines whilst enjoying the same impressive power and versatility.

Key Features

Five-in-one garden tool: Includes a hedge trimmer, pole saw, brushcutter, grass trimmer and long reach extension shaft.

Hyundai 52cc 2-stroke petrol engine: Powerful performance regardless of the attachment used.

Soft-pull recoil system: Easy and reliable start each and every time.

Space saving and budget friendly: Save money compared to buying several individual tools.

Easy to use: Multiple safety features in place to protect the machine for added longevity.

Full double shoulder adjustable harness: Comfortable and well-balanced for minimal strain.

Powerful Petrol Multi-Tool

Powered by the IC52-J EURO 5 Hyundai 52cc 2-stroke high torque petrol engine, which features low emissions and easy recoil start, this multi-tool has tremendous mid-range torque so the machine does not have to be operated at maximum revs for best performance, saving you money and lowering maintenance requirements.

The HYMT5200X is a heavy duty, powerful 52cc power unit.

With a soft-start recoil system and a digital rev limiter to protect the engine from overspeed damage, this Hyundai multi-tool is really easy to use.

Assembly out of the box is quick and easy, with a full quick-start guide provided in the box. After mixing your 2-stroke fuel and oil mixture (40:1 unleaded petrol and semi-synthetic 2-stroke oil) in the included measuring jug, you'll be ready to tackle tasks in no time at all.

This petrol multi-tool, when properly serviced, will provide years of reliable service.

Comfortable To Use

Thanks to its ergonomic design, this multi-tool is comfortable to use regardless of which attachment you've selected. Its included full double shoulder harness provides additional support and weight distribution to ease strain on your arms and shoulders.

5-in-1 Multi-Tool

Grass Trimmer: Supplied with a 2-string nylon cutting head with a cutting width of 430mm, you can quickly and efficiently cut through overgrown grass and trim the edges of your lawn. The bump-feed system allows you to effortlessly dispense more cord without interrupting your gardening.

Brushcutter: For thicker and tougher foliage, the brushcutter attachment allows you to cut through tougher brambles, dense scrub and other harsh overgrowth with ease.

Pole Saw: The included pole chainsaw attachment has automatic chain lubrication for longer life and reduced wear and tear. The 295mm cutting bar is suitable for all but the biggest of logs and branches.

Hedge Trimmer: With a blade length of 425mm, the hedge trimmer is built to prune large hedges with ease. It can be adjusted 180 degrees, with 12 positions to choose from with a double safety lock to keep the cutting head securely in place.

Extension Shaft: Providing approximately 800mm of extra reach (allowing you to reach up to 4m in total), the quick-release extension shaft is a convenient addition for tall trees or hedgerows, eliminating the dangers of working from a ladder.

Specification

Start Method Recoil

Grass Trimmer Cutting Width (mm) 430

Line Diameter (mm) 2.4 - 2.5

Number of Lines 2

Bump Feed Head Yes

Max Cutting Speed (RPM) (Grass Trimmer) 6525

Brushcutter Width (mm) 255

Brushcutter Blade Type 3 Blade Steel

Max Cutting Speed (RPM) (3 Tooth Blade) 6900

Hedge Trimmer Cutting Length (mm) 425

Hedge Trimmer Tooth Spacing (mm) 20

Hedge Trimmer Cutting Capacity (mm) 24

Max Cutting Speed (RPM) (Hedge Trimmer) 1550

Chainsaw Bar (inches) 10

Chain Size (inches) -
Chain Lubrication Automatic oil pump system
Chain Speed (RPM) (m/s) 20
Handle Type Loop and Bar
With Harness? Yes
Shaft Aspect Straight
Split Shaft? Yes
Clutch Type Centrifugal
Engine Model 52cc 2-Stroke EURO 5 emissions
Engine Type 2-Stroke, Single Cylinder
Engine Size (cc) 52
Rated Power (kW/kVA) 1.45/2
Rated Speed (RPM) 9200
Fuel Petrol/Oil Mix
Fuel Capacity (L) 1.2
Engine Oil 2-Stroke
Fuel / Oil Ratio 40:1
Gross Weight (kg) 15.65
Net Weight (kg) 9
Fully Assembled Dimensions (H x W x L) (mm) 265 x 250 x 1920 (Brush Cutter) 265 x 250 x 1880 (Grass Trimmer) 265 x 250 x 2000 (Chainsaw) 265 x 250 x 2220 (Hedge Trimmer)
Engine Capacity (CC) 50-100
Fuel/Power Source Petrol
