

Belle HPP21 Major 30/140 - Honda GX390 Petrol Power Pack

Product Images

Product Code: P57-4009

Short Description

A portable and efficient on site power source, offering excellent power to weight ratio.

Hydraulic power packs are 3 times more efficient than typical pneumatic systems and come with integrated Power On-Demand (POD) system.

Features

- Portable and compact enough to be transported in estate cars and small vans.
- Low hydraulic oil cut out protects tools and system pump.

- Hydraulic oil sight level
- Rigid and durable chassis and steel protection frame to prevent component damage.
- Hose storage position and lifting-eye integrated into protection frame.
- Customer colour options on protection frame.
- Packs fitted with wheels to make them easy to transport on site.
- Supplied with removeable braided Siamese hose set with high quality non-drip face couplings (these are pre-filled with Hydraulic Oil).
- Removable hose sets are easier for transportation and can be changed quickly if damaged.
- Power Pack is easier to store with hoses removed.
- Can be used with ALTRAD Belle Hydraulic Breakers, Roller Strikers and Hydraulic Submersible Pumps.

Specification

Engine Power (Hp) - (kW) 11.8 - 8.7

Hose Length 6.75 metres

Pressure 140 bar

Flow 30 l/min

Oil Tank Capacity 6.2 litres

Fuel Tank Capacity 6.5 litres

Dimensions W x L x H 555 x 740 x 620mm

Weight 72kg
