

Tacwise Type 140 Hammer Tacker

Product Images

Product Code: S83-0646

Short Description

Heavy duty, all-metal hammer tacker designed to offer the best in speed and performance for many high volume professional fixing tasks.

Efficient quick loading magazine enables firing of 150 x type 140 / 6 – 12 mm staples without reloading; we strongly recommend using Tacwise staples for a smooth, uninterrupted performance

All steel slap hammer equipped to withstand constant all day use with minimal working parts including a unique surface buffer plate to protect the applied surface on impact and provide expert stapling results time and time again

Robust lightweight design featuring tough all-metal construction and a wide ergonomic rubber grip for enhanced comfort and precision.
