Product Images

Product Code: S26-2005

Short Description

Replacement Hygiene kits are a simple click to fit system, so keeping your ear defenders clean and extending the life of your hearing protection has never been easier. All parts are a direct replacement of the original parts.

Included in the kit

- 2x Replacement cushion assembly
- 2x Foam inserts

Description

The Sonis® range has been stylishly designed with a traffic light colour code for easy identification. Materials have been chosen for both performance and comfort for extended periods of use.

Features & Benefits

Performance

The Sonis® range of ear defenders have been designed by the JSP R&D team. Working with a leading UK acoustic engineering research facility they have developed an ear defender range that peaks at an unbeaten 37 SNR.

Comfort

The over-moulded headband has a built in comfort area with ventilation. The headband force and the cushion surface area work together to provide optimum cushion pressure and comfort.

Adjustable Steel Arms

To facilitate even distribution of pressure the wearer can tilt and adjust the position of the earcup for optimum comfort and fit.

Hygienic

The headband is manufactured from TPE, making it easy to wipe clean. The sealing rings are easy to replace. Hygiene kits are available for each model.

Extra Visibility

The Sonis® range is available with extra visibility cups and a reflective headband for added low light protection.
