

Mills PSP Universal Faceplate with Cable Management

Product Images

Product Code: T70-0601

Short Description

Ideal for fixing to 86mm single and double gang back boxes and faceplates (Minimum depth 25mm).

This 2 gang faceplate can be used as singular or dual modular outlet or simply for cable management if used with the Mills PSP Cover Box (T70-0602).

In addition to the 2 gang fixings holes, the faceplate also has provision for 2 further holes allowing the unit to be mounted horizontally or vertically in a 1 gang box.

The removable cable management frame is also cable of storing up to 10m of 1mm diameter cable.

The Universal Mills PSP Faceplate is supplied with 1 blank module.
