
Fusion 2U Cable Dump

Product Images

Product Code: T70-2369

Short Description

An idea which addresses the problem of hiding excess length patch leads which tend to accumulate at the bottom of a rack.

Install the unit towards the bottom of the rack, unclip the front, and place excess patch leads into the cable dump, taking care not to over bend the cable.

The plastic fingers will allow cables to exit from the unit in a neat and orderly fashion once the cover is fitted.

Also available as a 1U option T70-2368.
