# Stanley Stud Finder

## Product Images

Product Code: N72-0006

## Short Description

Finding wall studs in wood and metal through up to 3/4" deep surface material is no problem with Stanley's Stud Sensor 200. The LCD screen clearly displays all of the sensor's readings. It also has an AC detection capability that identifies live wires up to 2" deep.

## Additional Features

- OnePass™ center-find technology locates stud centers
- Marking channel improves accuracy of marking-out readings
- New ergonomic design, and soft grips provide comfort and control of the tool
- LCD screen clearly displays all of the sensor's readings
- Wood and metal stud detection through up to 3/4" deep surface material
- AC detection identifies live wires up to 2" deep
