

Tape Measuring Diameter 2A

Product Images

Product Code: s83-8000

Short Description

Tape Measuring Diameter 2A BT 126575.

A specialist nylon tape for measuring cable diameters from 4mm to 80mm, in 2mm increments, and ideally suited to general surveying and cable recovery applications.

The tape simply wraps around the cable and the diameter can be read at the 'datum' mark.

The tape is supplied in a yellow nylon with clear scales.

Overall length: 285mm with 12mm hanging eyelet.
