
Mills Universal Coaxial Cable Stripper

Product Images

Product Code: E00-5006

Short Description

This 3-level cable stripper is the latest in design and coaxial cable stripping technology. This tool strips most coaxial cable between 4.50 and 7.00 mm without or just small adjustment to the individual fitted blades. The stripping length is factory set at 8.00mm for the braid and 4.00mm for the dielectric, but can be adjusted to 6.00mm for the braid if required.
