
Gas Meter Washer to BS 746 Table 8 - 3/4"

Product Images

Product Code: S55-7032

Short Description

Black rubber type washer to BS 746 table for meter unions.

BS 746 is the specification that applies specifically to Gas Meter Installations. The size name refers to the internal bore size of the meter unions and the ECV (main gas cock), not the thread diameter. To ensure you order the correct fittings, please measure the thread diameter of the male thread on your meter or ECV in millimetres, and then use the chart below to identify the BS 746 size.

BSP 746 Name	Actual Thread Size in mm	Nut Size (Flat to Flat) in mm
3/4"	29 mm	35 mm
1"	37 mm	42 mm
1 1/4"	44 mm	53 mm
1 1/2"	57 mm	66 mm
2"	76 mm	80 mm
