

SNAP FIT TYPE MCP/I Black 9M

Product Images

Product Code: W04-9421

Short Description

Designed to contain telecommunications cables and electrical leads up to 16mm in spacious compartments.

In addition to the “snap open” feature built into the base of these, Multi Compartment cable protectors have a unique ridged, anti slip top section

- Three compartments to segregate cables up to 16mm diameter
- Unique non-slip top
- Snaps open for fast and simple installation

- Manufactured from elastomer rubber - flexible, rugged and hard wearing
- Low profile geometry
- Can be relaid as required.
