

# Street Cabinet Cover (PCP)

## Product Images

Product Code: S00-3571

## Short Description

---

The PCP weather protection cover is designed for engineers to work on primary cross connection point (PSP) street cabinets (and smaller), providing protection from the rain and strong sunshine during maintenance.

Manufactured from high grade PVC, the PCP cover is supplied with 2 x clamps attached to the cover, as well as 2 x elastic bungees also attached to the cover, that affix to the doors of the cabinet. The cover is supplied in a PVC storage bag with laminated instructions leaflet.

Dimensions 1850mm x 2740 mm . The dimensions of the pack are 580 x 300 mm.
