
Adjustable Length Drill Strap Bandolier

Product Images

Product Code: S83-3496

Short Description

Adjustable Length Power Tool Bandolier Strap, designed to ensure a power tool can be carried over the users shoulder while climbing a ladder or working on a pole, helping to maintain 3 points of contact. The strap features a universal choke loop for attachment to most handled drill and power tools. This power tool lanyard significantly reduces the risk of a dropped tool dragging the user off a platform or ladder.

Specification

Material: 50mm Polyester webbing

Fittings: Adjustment Buckle

Weight: 150g

Length: 60cm
