

# Adjustastep 6 Tread Stepladder

## Product Images

Product Code: S00-9500

## Short Description

---

The AdjustaStep PRO® 6 tread swingback fibreglass stepladder is constructed using extremely durable, non-conductive fibreglass stiles that are highly resistant to weathering. Its ergonomic adjustable rear section\*, combined with a one-handed adjustment system, allows the ladder to effortlessly adapt to uneven ground, steps, or stairs - perfect for any jobsite. Additional features include an H-spreader for added stability and the combined EDGE moulded brace and footpad protects the base tread from damage. Whether you're working on flat surfaces or navigating uneven ground or stairs, the Werner AdjustaStep PRO® is the ideal solution for professionals who need one ladder that can handle multiple surface conditions. Approved to the latest EN131 standard. For Professional Use.

## Features

One ladder for multiple surface types – adapts to a variety of challenging environments, such as uneven ground, steps, and stairs

Robust, non-conductive, weather-resistant and fibreglass stiles – does not absorb moisture, corrode or rust

One-handed adjustment system for quick adaptability on uneven surfaces such as uneven ground, steps or stairs.

High-performance HolsterTop™, with specially designed paint, tool and equipment holders – designed to increase efficiency on the job

EDGE® moulded brace and foot pad combination provides enhanced bracing strength and protects the base tread from damage

H-spreader enables single-handed operation and adds to the strength and stability of the ladder

Generous 298mm tread pitch provides greater working heights

Wide, heavy-duty slip-resistant treads for comfort and security

## Details

Size 6 Tread

Style Adjustable

Material Fibreglass

Standard Classification Professional

Certifications EN131 Professional and Non-Professional Use

Number of Treads 6

Description of Top Features Holster Top

Colour Yellow

Colour of Ladder Rail Yellow & Orange

Colour of Ladder Top Blue

Foot Material Rubber

Edge Bracing Yes

Lock-In Compatible Yes

## Dimensions

Open Length (m) 1.79 (5ft 10in)

Open Width (m) 0.54m (1ft 9in)

Open Height (m) 1.67m (5ft 6in)

Open Depth (m) 1.24 (4ft 1in)

Product Weight (kg) 10.5 Kg

Closed Length (m) 1.84m (6ft)

Closed Width (m) 0.54 (1ft 9in)

Closed Depth (m) 0.17m (7in)

Shipping Weight (kg) 10.6 Kg

Max. Standing Height (m) 0.84m (2ft 9in)

Open Span (m) 1.24m (4ft 1in)

Safe Working Height (m) 2.59m (8ft 6in)

Shipping Dimensions L x W x D (m) 1.84m x 0.54m x 0.17m (6ft x 1ft 9in x 7in)

Max. Load (kg) 150kg (23st 9lb)

Tread Spacing (mm) 298mm (1 ft)

Tread Depth (mm) 80mm

Due to Health and Safety legislation, all ladders are non-returnable and non-refundable. Once the delivery note has been signed, it will be deemed that the condition of the ladder is new and acceptable.
