

Mills SDS Plus Masonry Drill 5.0 x 160mm (No.8)

Product Images

Product Code: N36-1861

Short Description

Mills SDS Premium Drill Bits are fully hardened, high performance, hammer drill bits with tungsten carbide tips and an SDS plus shank.

For use in granite, concrete, masonry, tiles, etc.

This drill bit will fit in drill machines with an SDS+ chuck only.

Sizes quoted are Diameter x Overall Length.

Description

This professional quality range of SDS Plus drill bits provide a great value option for drilling in masonry materials including general concrete, brick, lightweight blocks, natural stone, limestone etc

Ultra hard tungsten carbide tip resists the abrasive action of hammering on masonry materials, for extended product durability and length of service.

Heat treated to avoid bending or snapping under repeated drilling

Sand Blasted and oiled finish relieves stress points and provides a rust free product

Sizes quoted are for Diameter x Overall Length
