

Dymo RHINO 5200 Printer Kit

Product Images

Product Code: C28-1235

Short Description

The Dymo RHINO 5200 hard case kit is the fastest, easiest way to use the RHINO 5200 professional portable labeller. With a rugged carry case, this handy kit gives you the versatility and convenience of the RHINO 5200 labelling tool, two types of label cassette, lithium ion rechargeable battery and AC adaptor.

Fast, rugged and packed with time-saving features, the RHINO 5200 helps comply with ANSI/TIA/EIA-606-A standards and is designed for professional installers in real-world conditions. Hot-keys make it easy to print pre-formatted labels for wire and cable, terminal blocks, electrical and patch panels, vertical and fixed lengths.

RHINO 5200 uses easy-peel labels with industrial strength adhesives, available in five materials, so you can be confident your labels will stay stuck and legible, even in tough conditions.

- Dymo exclusive hot keys automatically size, space and format labels for wire and cables, terminal blocks, circuit breakers, patch panels, vertical and fixed-length applications
- Pre-programmed symbol library with industry symbols, punctuation, currency and fractions
- Large multi-label view display
- backlit for poorly-lit areas
- Integrated, slip-resistant rubber grip
- Save/recall of more than 100 label formats
- Prints COde 39 and Code 128 bar codes on 19mm labels
- Uses RHINO easy-peel with industrial strength adhesives, available in 5 materials
- Runs Lithium Ion rechargeable battery (included) or 6 AA batteries (not included)
- Automatic shutoff to maximise battery life

The hard case kit contains:

- RHINO 5200 label printer
- Durable hard carry case
- One 19mm white vinyl cartridge
- One 12mm white vinyl cartridge
- Lithium Ion rechargeable battery
- AC adaptor
