Dymo RHINO 5200 Label Printer

Product Images   **Product Code: C28-1236**

Short Description

The Dymo RHINO 5200 label printer is the fastest, easiest way to give your installations a neat, professional look that builds your reputation.

Fast, rugged and packed with time-saving features, the RHINO 5200 helps comply with ANSI/TIA/EIA-606-A standards and is designed for professional installers in real-world conditions. Hot-keys make it easy to print pre-formatted labels for wire and cable, terminal blocks, electrical and patch panels, vertical and fixed lengths.

RHINO 5200 uses easy-peel labels with industrial strength adhesives, available in five materials, so you can be confident your labels will stay stuck and legible, even in tough

conditions.

- Dymo exclusive hot keys automatically size, space and format labels for wire and cables, terminal blocks, circuit breakers, patch panels, vertical and fixed-length applications
- Pre-programmed symbol library with industry symbols including electrical, pro AV, hazard & warning, punctuation, currency and fractions
- Large multi-label view display
- Large tw-line display
- backlit for poorly-lit areas
- Integrated, slip-resistant rubber grip
- Save/recall of more than 100 label formats
- Prints COde 39 and Code 128 bar codes on 19mm labels
- Uses RHINO easy-peel with industrial strength adhesives, available in 5 materials
- Runs on 6 AA batteries (not included) or optional Lithium lion rechargeable battery pack (Not included)
- Automatic shutoff to maximise battery life

The RHINO 5200 contains:

- RHINO 5200 label printer
- One 19mm white vinyl cartridge

Description

The Dymo RHINO 5200 label printer is the fastest, easiest way to give your installations a neat, professional look that builds your reputation.

Fast, rugged and packed with time-saving features, the RHINO 5200 helps comply with ANSI/TIA/EIA-606-A standards and is designed for professional installers in real-world conditions. Hot-keys make it easy to print pre-formatted labels for wire and cable, terminal blocks, electrical and patch panels, vertical and fixed lengths.

RHINO 5200 uses easy-peel labels with industrial strength adhesives, available in five materials, so you can be confident your labels will stay stuck and legible, even in tough conditions.

Dymo exclusive hot keys automatically size, space and format labels for wire and cables, terminal blocks, circuit breakers, patch panels, vertical and fixed-length applications
Pre-programmed symbol library with industry symbols including electrical, pro AV, hazard & warning, punctuation, currency and fractions
