

Planet GT-802 Gigabit Media Converter MM

Product Images

Product Code: C04-1263

Short Description

The Planet GT-802 Gigabit media converter supports conversion between 10/100/1000Base_T and 1000baseSX multimode networks.

Compact in size, the GT-802 can be used as a standalone unit or installed in the media converter chassis, C04-1267 and C04-1268, to build a centralised fibre-optic network. Supplied with SC connectors.
