# Clamp Dropwire 10A

**Product Images**

**Product Code: S83-2746**

---

## Short Description

---

Stainless steel dead end clamp for fixing drop wire at pole or premises' termination points.  
Length 430mm

## Description

---

A coated metallic spiral clamp approximately 430 mm long. Used to attach either a Dropwire 10B or 12 to a Pole ring or any dropwire fixing.

The clamp is designed to be wrapped around the dropwire, not the wire around the clamp.
