

Joint Box 23

Product Images

Product Code: S83-2795

Short Description

Prefabricated glass reinforced polyester joint box, this underground jointing enclosure offers significant advantages over the more traditional methods of forming a jointing enclosure.

Lightweight yet immensely strong and rigid having no seams or welds, it is totally rot proof and will not support microbiological growth.

Typical uses include:- Telephone connection systems, connection of lighting standards to mains, traffic light connections, underground water metre housing, cable television connections, loop connections and cable communications.

- Joint box chambers moulded from first quality glass fibre reinforced polyester moulding compounds
- Manufactured under a system of rigidly applied quality control to ensure optimum, fully cured mouldings
- Made to ensure trouble free installations
- Available for installation in driveways, paths etc
- S83-2795 Joint boxes cover sold separately

Internal dimensions: 200 x 450 x 450mm deep.
