

Extension Reel 110v 16 Amp 25m

Product Images

Product Code: P85-7703

Short Description

25 metre, heavy duty 110v extension reel with metal frame and rubber grip handle.

Description

This 110v open drum cable reel has a 25m heavy-duty cable and features a sturdy steel frame construction with carry handle for easy movement around the worksite.

It is fitted with 2 outlet sockets to run 1 or more power tools etc, the sockets are protected with spring loaded flaps to keep unwanted debris out when not in use and a winding knob for easy and tangle free reel-in.

NOTE: All cable reels should be fully unwound before they are used to carry their recommended maximum load.

Fully Unwound 1760W (16 amp)

Fully Wound 600W (6 amp)

Twin sockets and 25m of cable with fitted plug

Ref: 126706
