

Fusion Cat 6 UTP External Cable 500m Drum

Product Images

Product Code: T70-2894

Short Description

This cable is made suitable for external use by sheathing it with Polyethylene. This can withstand the outside elements, being a tough material resistant to water, moisture, oil and also abrasion resistant.

For added security, trunking or conduit can be used.

Approved for the Fusion 25 year system warranty when installed by an approved Fusion Installer.

For external use only. Not suitable for use inside buildings.

Since this cable is designed for external use this it is not required to be CE marked with a EuroClass Designation as part of the CPR(Construction Products Regulations).

Formerly T70-4476
