## Underground Burial Corrugated Flexible HDPE Conduit 110mm

Product Images Product Code: V01-4989

## **Short Description**

External Diameter: 110mm

Internal Diameter: 94mm

Length: 50m

This double-walled underground burial conduit has a corrugated exterior and a smooth core. It is made from HDPE and has a high chemical and water resitance. It has an impact resistance of higher than 450N on 5cm at + 20°C. Its flexibility and mechanical resistance allows installation even in the presence of irregularity in the ground. Supplied in black. Other colours available on request.

Each coil comes complete with integral draw wire.
